SUBJECT: New clarifications (part4) regarding the repetitive tender for the procurement of Festoon Tow Ropes for the needs of QCs 1-7 of PPA SA Container Terminal Use.

Interested parties are kindly requested to refer to all clarifications published provided by PPA, in relation to the subject tender.

Question 1:

“ We are really interested in participate in the tender you are holding for the procurement of festoon tow ropes and would need clarifying about the following points:

In the original technical requirements it was indicated that 2 spools with different length, diameter and core were needed:

- *(1) 500mts Flexible tension relief festoon tow rope Φ 19,8 multicore*
- *(2) 1000mts Flexible tension relief festoon tow rope Φ 18,5 single core*

In your last clarifications you mentioned only item No 031989-2 without ‘ends’ is required, please note item No 031989-2 is a shock cord with a diameter of 20mm as a standard, please confirm if this is what you need for both items (1) and (2)...”.

Answer 1:

For each of the two (2) abovementioned festoon tow ropes (1) & (2), a reel is needed in order to be cut into pieces.
